

INDEX™ 2020 – SECTOR SEMINARS

Geosynthetics & Environment

Tuesday 20 October 2020 - 14.00 – 17.00

INDEX™ Lab, Room V (Hall 3)

- | | |
|---------------|--|
| 14.15 - 14.20 | Introduction and coordination of the presentations
Daniele Cazzuffi , IGS Past President - CESI (Italy) |
| 14.20 - 15.05 | 'Big picture' speech: The Geosynthetics contribution to a more sustainable world
Nathalie Touze , Vice-President International Geosynthetics Society (IGS)
INRAE (France) |
| 15.05 - 15.25 | Microplastics and geosynthetics - emotions and facts
Francesco Fontana , IGS Council Member – Manifattura Fontana (Italy) |
| 15.25 - 15.45 | Carbon footprint reduction using a drainage geocomposite in a major highway project: a case study
David Shercliff , Chief Engineer - ABG-Geosynthetics (UK) |
| 15.45 - 16.05 | Nonwoven Geotextiles - Long lasting geotechnical filter and separation layers
Jan Retzlaff , Managing Director - GEOscope (Germany) |
| 16.05 - 16.25 | TBD |
| 16.25 - 16.45 | TBD |
| 16.45 - 17.00 | Discussion coordination and main conclusions
Lead by Daniele Cazzuffi |
