

# YOUR RESEARCH CAN BE NEXT!

**SHOWCASE YOUR WORK**  
at the Nonwovens Innovation Academy

The Nonwovens Innovation Academy (NIA) brings together an interdisciplinary mix of academics, students, scientists, engineers and industry experts, to exchange on the latest research and innovation in the nonwovens industry. During this event, a poster session is organised allowing young researchers and scientists to present their research to nonwoven experts.

**11 – 12 May 2022**  
Jyväskylä | Finland

## What's in it for you?

- Showcase your research to experts and get noticed
- An official certificate from EDANA will be granted to the most outstanding poster presentation
- The winners will be invited to present their research on stage at the International Nonwovens Symposium, organised in Lyon on 8-9 June 2022

## Eager to apply?

Your poster proposals should:

- be submitted to [anaelle.schutz@edana.org](mailto:anaelle.schutz@edana.org) by the **10 March 2022**
- include one A4 summary of the research and 3-4 bullet points summarising the poster, contact details of the poster presenter
- must be in English
- applicants must be based in Europe

**EDANA provides R&D Student grants** | The grant covers the registration fee to the conference, two hotel nights, and agreed travel expenses. Check our website for more information.
