

Bituminous Roofing Membrane Working Group Terms of Reference

What is Bituminous Roofing Membrane Working Group?

The Bituminous Roofing Membrane Working Group consists to member companies of EDANA, which are direct suppliers of the bituminous membranes industry.

Objectives (refer to the activity/project briefs)

- To pool, exchange and discuss relevant information to Bituminous Membrane Industry markets through appropriate means, within the remit of EDANAs competition guidelines
- To generate new ideas, plans and projects relevant to the sustainability of the industry

Who should attend?

Manufacturers of carriers, modifiers, finishing as well as suppliers of bitumen membranes machinery. Looking at the objectives of the working group, both EDANA member representatives with commercial or technical roles can participate

Participation in a group is subject to the EDANA guidelines.

Benefits/deliverables

- Market Trends
- Exchange of technical expertise in non-competitive areas (performing standards, sustainability)
- New target markets
- The opportunity to raise concerns and launch initiatives with companies supplying the bituminous membrane industry
