

Personal & Health Care Steering Group

Role and Responsibilities

What is the role of the Personal & Health Care Steering Group?

Consisting of senior representatives of EDANA member companies, the Personal & Health Care Steering Group implements EDANA's strategy and sets the direction for work in the area of single use products. The products covered include wet wipes, medical devices and absorbent hygiene products.

Responsibilities

- Develops and maintains a strategy for single use products, in line with the overall strategy of EDANA, and shares this strategy and Working Group activities with other Steering Groups
- Reviews and monitors developments
- Defines an annual plan
- Assesses and prioritises any ad-hoc requests and issues
- Proposes or confirms a new Working Group, including its targets and priorities
- Proposes or confirms a change in status of a Working Group
- Ensures Working Group projects or activities have adequate resources and staffing
- Provides information for staff to articulate the working group activities underway
- Evaluates Working Group activities on an annual basis

Reporting Groups

The Personal & Health Care Steering Group is responsible for the following Working Groups:

- Absorbent Hygiene Products Working Group
- Infection Prevention Working Group
- Wipes Working Group
- Incontinence Products Testing Working Group

Proposed Coordination and Synergies with other Steering Groups

The closest cooperation partners are expected to be the Industry & Supply Chain, Communication, Product Stewardship and Trade & Trends Steering Groups.
