10.30 - 12.20	SESSION 5

EDANA Policy Workshop

The EDANA Policy Workshop will provide an in-depth insight into EDANA's ongoing advocacy efforts at the EU level. The session will begin with an overview of our current policy files, offering participants a clear picture of the main regulatory issues impacting our industry.

Attendees will then split into smaller groups to explore the latest developments on these key topics. This interactive format will encourage open exchange, experience sharing, and collective brainstorming to help shape and strengthen our sector's voice with European policymakers.

12.20 - 12.30	CLOSING WORDS
12.30 - 13.30	LUNCH BREAK
13.30 - 16.00	VISIT TO THE EUROPEAN COMMISSION

We will wrap up the Forum with a visit to the European Commission, where discussions will continue to address sustainability policies. Attendees will be able to learn firsthand how environmental policies are developed in the EU and hear about the latest developments in EU sustainability legislation such as:

- The European Commission: the political executive of Union
- EU Green Deal - The Waste Framework Directive
- EU Green Deal - The Single Use Plastic Directive
- EU Green Deal - The Ecodesign for Sustainable Products Regulation
